

ESSE - European Society for Science Education - 2019
The European Society for Science Education (ESSE) is a non-profit organization that promotes the development of science education in Europe. It was founded in 1972 and has since then become a leading organization in the field. ESSE organizes annual conferences and publishes a journal, *European Science Education*. The society also works to improve the quality of science education in Europe through various projects and initiatives.
